Dick Jepson, 3121 Indian Hills Road, came to the board to ask for help in bringing his driveway up to the road grade. He claims it is up to 1 foot below the grade of the road. Following discussion, it was decided that Bernie and Bud would go by and look at it since Willie has already determined he believes that the homeowner should upgrade his driveway apron.

Lynn Richter asked for any questions from board members and also indicated that the Sheriff is still having problems with garage doors being left open within the district.

Dick reported on the following:

- ✍ It will be another week to week and a half before the work begins for the 2006 road project.
- ✍ He had a meeting with Ted Ensley regarding the Shawnee County Commission's interest in the transfer of roads from the county to the Improvement District in January of 2008.
- ✍ George Schuler's problem with standing water on his property was discussed by the board. Dick and Willie will talk to Jay about doing the work on this property.
- ✍ Schmidt Engineering will delineate the easement around the sediment basin on Falcon. Discussion followed as to who is responsible for the maintenance of the area-the Sherwood Improvement District or the Sherwood Lake Club.
- ✍ The ditch on the NE corner of 41st and Indian Hills Road is eroded and filled with silt. Road will be lost if ditch isn't cleaned. Willie White moved to spend \$800 with Jay to clean the ditch. The motion was seconded and carried.

There being no further business, the meeting was adjourned.
